New Richmond Community Education
Summer 2018

Welcome to Summer 2018

The mission of New Richmond Community Education is to provide lifelong learning and enrichment opportunities for all ages.

I invite you to explore this summer and try something new that just might spark a new life passion.

Community Ed believes that everyone should have the chance to continue learning, which is why we want to provide you with affordable, creative, and fun activities for all ages and skill levels.

Don't let this summer pass you by, step out and challenge yourself. You never know where the path will bring you to.

Hope to see you this summer,
Sara Rogers
Interim Supervisor of Community Education

SPECIAL EVENTS

Kids From Wisconsin

The Kids from Wisconsin is part of an entertainment tradition that goes back nearly 50 years to its beginnings as a musical production created for Wisconsin's talented youth back in 1969. Today, the pride and passion that enlightened that early music, lives on through a Kids from Wisconsin Revue. Performing live annually for more than 100,000 across Wisconsin and the Midwest, the Kids from Wisconsin presents top of the line entertainment with some of Wisconsin's most talented performers ages 15-20. The revue is produced in collaboration with some of this country's best writers, arrangers, and choreographers. The KIDS perform at State and county fairs, community concerts, fundraisers for non-profit organizations such as Rotary, Lions, Kiwanis and other organizations, helping them to earn thousands of dollars for their organization's cause, and at the same time support Wisconsin's performing arts.

Dogs: My Dog Jumps on Everyone!

Erin McKee

You and visitors alike hate it when your dog jumps up on you, knocking you down, getting you dirty or spilling your packages. Teaching your dog to keep his feet on the floor and greet everyone politely will be more pleasant for everyone and will make those around you feel safer and will reduce the risk of accident.

ADULT FITNESS & YOGA CLASSES

Pickleball Open Gym

It is a sport for all ages played indoors or outdoors similar to tennis, but on a court the size of a badminton court. It is one of the fastest growing sports in the country, especially in the Senior Communities. Pickleball is taught in schools and colleges, but mainly friends teach friends. It teaches sportsmanship, eye-hand coordination, and provides plenty of exercise. You don't have to be tall and powerful. This is a game of strategy, for both men and women, young and old alike.

The Path Out of Depression: Mindfulness Based Strategies for Finding Peace, Freedom, and Happiness

Ken Britzius

Depression is a great tragedy because it impacts every area of our lives. Depression steals our joy and at the same time makes it difficult for us to take even the simplest actions to feel better and recover. But there is a way out. There is a path to peace, freedom, and happiness. This four-class series is designed for people who suffer from depression and people who love them. Ken Britzius presents practical tools for managing depression that go beyond medication and standard cognitive therapy by using the ancient practice of mindfulness based meditation and the teachings at the heart of the practice. If you suffer from depression don't be resigned to a life of misery. If you want a different life, you must take a chance and try a different path.

Reiki Practitioner Training Level I, II, & III

Ken Britzius

Are you motivated by compassion? Do you have a deep desire to help others heal physically, mentally, and spiritually? Are you interested in becoming a Certified Reiki Practitioner? Reiki (pronounced ray-ee-kee) is an effective healing, relaxation, and wellness practice, formalized in Japan in the early 1900's by Dr. Mikao Usui. While Dr. Mikao Usui is credited with developing the practice as it is known throughout the world today, Reiki traces its origins to healing practices used throughout Asia for over two thousand years. The term, Reiki, is a combination of two Japanese words. Rei, which translates as "Universal Spirit," and Ki, which translates as the "Life-force Energy" that is at the heart of all things. By connecting the recipient to this Universal Life-force Energy, or Spiritual Energy, Reiki treatments help heal injury and illness physically, as well as spiritually and psychologically. These Reiki Teacher Training courses are taught by Ken Britzius, Certified Reiki Master Teacher, published author, Executive Director and Guiding Teacher at Still Knowing Meditation Center in New Richmond, WI. Classes held in our beautiful meditation hall at Still Knowing Meditation Center, and class size is intentionally limited to allow for a relaxed, personalized learning experience for each of our students.
